NEW YORK, Jan. 30 .- To-day's market again showed its sympathy with Amalgamated Copper. The dealings in this stock were about twice as great as those in Sugar, and the transaction in the two stocks | Rates on Loans and Exchange-Clearcombined were an overwhelming proportion of the aggregate. The speculation in Amalgamated Copper, while very active, was accompanied by much confusion of sentiment regarding the actual developments in trade and their bearings on this security. The active and excited demand for crude copper in London this morning and apparently urgent bidding on the local metal exchange at advancing quotations indicated urgent requirements in the trade, but the advance in Amalgamated Copper, while apparently a logical result of these trade developments, is met by persistent \$34,046,757; balances, \$1.815,507. representations from sources which the street regards as authorized to speak for \$1,870,804. insiders which seemed to be designed to discourage the advance in the stock. Specplative sentiment is much confused by these conflicting interpretations and is made wary by the costly experiences during the rapid decline in this stock. In the railroad list Southern Pacific easily held formost place, with a net advance of 2 points. The activity of this stock was associated, in the minds of the traders,

with the resumption of active trading of fund, exclusive of the \$150,000,000 gold rea leading operator after a period of illness. Its strength helped the other transcontinentals by sympathy. The increased net earnings for December for Union Pacific, following yesterday's increases by other corn carriers, was a help to the Western and Southwestern grangers, as the effects of the corn crop shortage were expected to develop not later than December. The other movements of the day were from individual causes. Evansville & Terre merger with other north-and-south lines in Ohio and Indiana. The Linseed stocks advanced strongly on reports of higher prices for linseed oil, while the apparent cause for the strength of the Distilling stocks was a reduction in the prices of spirits. Rock Island rose 3 points on comparatively light dealings, owing to the small floating supply of the stock. The

price movement generally was very narrow, but fractional net gains were the rule at the end of the day. The bond market was somewhat irregular. Total sales at par value were \$3,065,-CINCINNATI, Jan. 30 .- Eggs easy and lower | 100. United States threes, coupon, advanced Following are the day's share sales and

The market opened with office of Marion county, Indiana, for the twentysome inquiry from shippers for light hogs, and a speculative demand for heavy hogs was responsible for higher prices at the start. INDIAN PRINCESS ANGRY.

Sophie Bamba Dhuleep Singh Objects to Snowballing.

CHICAGO, Jan. 30 .- Students of the Northwestern Medical School for Women 2,075.00 are consumed with curiosity over the sudden determination reached Monday by 600.00 Princess Sophie Bamba Dhuleep Singh to leave the institution and go to the Woman's 750.00 Medical College, of Toronto, Canada. Here is an explanation that came to light yesterday: On her daily trips between her home at 464 West Adams street and the Northwestern School the princess has had to pass the building of several public medical schools, which are filled during the day 675.00 | with young men looking for excitement. These embryo doctors saw their opportunity in the recent snewstorm. Some of them who happened to be in the street at the time when the princess was on the way to her studies genially pelted the daughter of the Maharajah of Lahore with lumps of snow, thereby arousing her anger and dis-

"Such a thing would not be permitted in England," she is reported to have said when she reached her destination, and the remark has been taken by some to bear upon her decision to go to Canada. The princess came to Chicago last fall from her home in England and entered the Northwestern Woman's Medical School, where, until recently, she seems to have led an unruffled existence. She positively refused yesterday to be seen by anyone from a newspaper, "not even by the editor," but she sent word that the report of an affront having been offered her at the Northwestern Medical College was untrue, and she could not understand the evident desire of the public to prove that it wasn't.
